Metric *

Faithfulness

Query/User Input *

Is apple red

LLM Output/Actual Output From LLM *

apple is good for your gut
apple is a mobile company

Retrieval From RAG Or From Document *

apple company phones are very good

apple is good for health

+ Add Context

✨ Click for Evaluation

Response

METRIC	SCORE	VERDICT
FAITHFULNESS	0.5000	PARTIAL

EXPLANATION

The score is 0.50 because the actual output incorrectly identifies Apple as a mobile company, which is not mentioned in the retrieval context, only that Apple company phones are very good.

EVALUATION INPUT

Query:

localhost:5174

✓ **DeepEval** - Metrics: Faithfulness, Answer Relevancy, Contextual Precision, Contextual Recall, PII Leakage, Bias, Hallucination

Response

METRIC	SCORE	VERDICT
FAITHFULNESS	1.0000	FAITHFUL

EXPLANATION

The score is 1.00 because there are no contradictions found, indicating the actual output perfectly aligns with the retrieval context.

Response

METRIC	SCORE	VERDICT
FAITHFULNESS	0.0000	NOT_FAITHFUL

EXPLANATION

The score is 0.00 because the actual output likely explicitly states that Apple is a mobile company, which directly contradicts the retrieval context that only mentions Apple company phones are very good, with no explicit statement about Apple being a mobile company.
